Awake Sovereign America Freedom Liberty

A note from a fellow Patriot and concerned Citizen:

God bless you and thank you for reading and sharing these monthly Newsletters. The information in these Newsletters is designed to be thought provoking, instilling a desire to do more research on what is happening in our country, and inspire ACTION.

We encourage you to do your own research and make decisions for yourself and your families accordingly. Resources posted below.

We are AMERICANS and we have a CONSTITUTION that is designed to keep GOVERNMENT in check. We have GOD GIVEN RIGHTS and the CONSTITUTION is designed to protect those RIGHTS.

WE THE PEOPLE hold the power! Somehow we got slowly boiled like the frog, became complacent, and forgot that the government works for US! We vote them in and we can vote them out. In the meantime...

It is a spiritual war between good and evil, between God, the Creator, and the devil – also called 'the god of this world' [II Corinthians 4:4]. John 10:10 tells us that, "The thief [the devil] cometh not, but for to steal, and to kill, and to destroy: I [Jesus Christ] am come that they might have life, and that they might have it more abundantly." Keep praying! Keep looking for ways to get involved and make the devil shudder when your feet hit the floor each morning!

Again, thanks for reading and sharing this information with your loved ones. God bless you. Web sites to research and gain knowledge and understanding—

MORE EVIDENCE OF HARM From wearing MASKS

CRITICAL THINKING:

From Natural News: *Face masks are laced
with cancer-causing toxic chemicals*

([Natural News](#)) Scientists found that some face masks
used by the general public are [laced with toxic chemi-
cals](#), including known carcinogens and environmental
pollutants. Michael Braungart, a German chemist and
the scientific director of environmental non-
profit Hamburg Environmental Institute, carried out
tests on face masks that people had worn short-
ly before developing rashes on the face.

He detected formaldehyde, aniline and other toxic
chemicals in the used masks. Formaldehyde is used
to give new face masks a "clean" smell. It is [classified
as a carcinogen](#) by the World Health Organization's
(WHO) International Agency for Research on Cancer.
Inhaling formaldehyde over a short period of time can
cause burning sensations in the eyes, nose and throat,
as well as coughing, wheezing and nausea. Aniline, a
highly corrosive industrial chemical, is also a known
carcinogen. Additionally, it is considered a pollutant
of serious concern due to its high toxicity.

~~~~~  
From **GreenMedinfo®**  
The Science of Natural Healing :  
**A new study on face masks highlight their  
inefficacy, lack of safety and ability to  
cause physiological, psychological and long  
-term health problems, which may culmi-  
nate in immune suppression, worsened  
chronic disease, accelerated aging and  
premature death**

Baruch Vainshelboim, who works with the cardi-  
ology division at Stanford's Veterans Affairs Palo  
Alto Health Care System in California, is among  
the latest to sound the alarm that face masks  
should be avoided for the general public.

It's not simply an issue of whether or  
not they "work" -- though as he writes,  
"scientific evidence supporting face-  
masks' efficacy is lacking" -- or that  
wearing something is better than noth-  
ing because, as noted by Vainshelboim,  
"adverse physiological, psychological  
and health effects are established.
